WavCash

CONFIDENTIAL

Brand Guide.

Visual identity system & design specifications

VERSION 1.0 FEBRUARY 2026 WAVCASH INC.

Your royalties, finally visible.

WavCash is a royalty intelligence platform for independent artists across Africa and Latin America. Instant verification. Transparent payouts. The brand communicates through material quality: liquid mercury, chrome surfaces. Never loud graphics. Every interaction feels considered.

Tone of Voice

WE ARE

Precise. Confident. Understated. Transparent. Built for artists who create, not corporations who extract.

WE SOUND LIKE

A trusted advisor who speaks plainly. No hype. No jargon. Just clarity about where your money is and how to get it.

WE NEVER

Oversell. Use exclamation marks. Make promises about earnings. Talk down to artists or patronize emerging markets.

The Diffraction.

A single-slit diffraction pattern: a bold central bar flanked by progressively thinner, fainter bars. This is how sound and light behave when they pass through an opening. The invisible, made visible. Inspired by wave optics, directly echoing the tagline.

DARK MODE

LIGHT MODE

ON AMBER

Anatomy.

Five vertical bars, symmetric around a central axis. Each bar pair decreases in height, weight, and opacity, mimicking the intensity falloff of a real diffraction pattern.

BAR	X POSITION	Y RANGE	STROKE WIDTH	OPACITY
Center	13	2–20	3.0	1.0
Inner L / R	9 / 17	4–18	2.0	0.6
Outer L / R	5.5 / 20.5	6–16	1.2	0.3

VIEWBOX

26 × 22

All bars use stroke-linecap: round

COLOR SYSTEM

currentColor

Inherits from parent. Automatically adapts to dark/light mode and hover state

HOVER BEHAVIOR

Amber + Scale

0.8s color transition to #D4883A, scale(1.08) transform

MINIMUM SIZE

16px wide

Below 16px, outer bars become indistinct. Prefer 22px+ for clarity.

Dark Mode.

Background	Primary Text	Secondary Text	Tertiary Text
#0A0A0A	#E8ECF0	#9AA8B4	#788898

CSS value is #0A0A0A. On the live site the mercury WebGL surface renders over this, producing a perceived average closer to #141413.

Button Background	Accent / Amber
#FFFFFF	#D4883A · rgb(212, 136, 58)

Royalty Sniffer

Animation Choreography.

Ignite Words Timeline

The two key words in the headline, "royalties" and "visible", undergo a choreographed color shift from the base gradient to flat amber, followed by a traced outline flare.

- 0.0s Page loads
- 1.0s "royalties" color shift begins (base → amber, 2.0s)
- 3.0s "royalties" locks to flat amber
- 4.5s "visible." color shift begins (base → amber, 2.0s)
- 6.5s "visible." locks, both flares fire

Timing Scale

DURATION	USAGE
0.3s	Cursor opacity fade
0.35s	Search input transitions (spring easing)
0.4s	Button background/color fade to amber
0.5s	Button transform, nav underline, stat transform
0.6s	Body/UI theme transition
0.8s	Logo, nav link, badge, stat color transitions
750ms	Hover gradient interpolation (JS easeInOut)
2.0s	Ignite word color shift
2.5s + 7.5s	Flare trace cycle (2.5s on, 7.5s off)

Easing Functions

NAME	VALUE	USAGE
Default	ease	Most CSS transitions
Spring	cubic-bezier(0.34, 1.56, 0.64, 1)	Search input
EaseInOut	$t<0.5 \ ? \ 2t^2 : 1-(-2t+2)^2/2$	JS hover gradients

Mercury WebGL.

The entire background is a real-time WebGL2 wave simulation rendered as a liquid mercury surface. A 512×512 heightfield with ping-pong framebuffers drives physically-based wave propagation with ACES filmic tone mapping.

Wave Physics

WAVE SPEED 0.18	VELOCITY DAMPING 0.945
HEIGHT DECAY 0.9992	DROP RADIUS 0.015
DROP STRENGTH 0.15 + vel × 0.15	AMBIENT INTERVAL ~90 frames

Dark Mode Shader

NORMAL STRENGTH 1.0
ENV DARK / MID / TINT 0.01 / 0.08 / 0.25
FRESNEL RANGE 0.65 → 0.75
OUTPUT LIMITER 0.20

Light Mode Shader

NORMAL STRENGTH 2.0
ENV DARK / MID / TINT 0.62 / 0.78 / 0.92
FRESNEL RANGE 0.75 → 0.90
OUTPUT LIMITER None (ACES)

Cursor & Flare.

Atom Cursor

A custom SVG cursor: three elliptical orbits with electrons tracing continuous paths. Follows the mouse with a 0.25 lag factor, creating a fluid, deliberate feel.

PROPERTY	VALUE
Viewbox	36 × 36
Orbits	3 ellipses · rx:14 ry:5
Tilt angles	0° / 60° / 120°
Electron radius	1.8
Speeds	1.8 / 2.3 / 1.5 rad/s
Dark color	#D4883A
Light color	#1A1A1A

Outline Flare

An Apple-inspired traced outline that sweeps around the ignited words. SVG text element with stroke-dasharray animation, gaussian blur glow, and choreographed fade.

PROPERTY	VALUE
Stroke width	0.8
Lit segment	8% of path length
Trace duration	2.5s
Rest duration	7.5s
Blur	stdDeviation: 3
Dark color	#FFFFFF
Light color	#F8F6F3

Shadows & Transforms

ELEMENT	SHADOW
Button default	0 2px 8px · 10% α
Button hover	0 4px 20px amber 25%
Search focus	0 0 0 3px amber 10%

ELEMENT	TRANSFORM
